

Only valid for the wooden stand

Set consisting of hammock "American Dream grey" and stand "Apollo".

Apollo: The spruce wood used comes from sustainably cultivated European forests. Apollo is made weather-proof by a dipping bath impregnation and by galvanised fittings. The especially developed chain suspension can be adjusted to fit to smaller AMAZONAS hammocks.

American Dream: The trendy hammock in American design. The USA's deep south set the benchmark: large, softly padded rod hammocks in the latest colours and designs that offer exceptional style.
