All spare parts When open the carton

Assembling Procedure (Must be assembled by Adults)

1. Installation of Axle

(1) Take out of the back axle.

(2) Loose the M10 screw, and take out each of the gasket and plum blossom shape.

(3) Insert the back axle into the motors and back board.

2. Installation of wheels

Put the bearing into the bearing

Please take out sleeves from the screw&bolts bags and put into inner and outer sides of front wheels, as well as outer sides of back wheels, and then put one metal gasket into the axle, and then put wheel into the axle, insert the cotter pins to the hole on the axle, and then make the cotter pin across (refer to the photo). Finally, please put the cover onto the wheels.

3. Installation of rear view mirrors

4. Installation of steering wheel

Due to the reason of movement of steering tube, sometimes there is possibility that the hole on the steering wheel and the hole on the steering tube can not match well. If this happens, please use one hand to hold the hook under the car body in order to fix the steering tube. (Referring to the picture)

5. Installation of window shield

Please first insert the window shield into the car, and then use the screw to fix them

6. Installation of hood

Insert the hood to the car and then use screw to fix. Please aim the retaining grooves

7. Power Connection

Please connect power line interface according to the photo above.

8. Installation of Hand Rail and Searching lights

Firstly, please connect SM terminals both from searching lights and the car body. Secondly, please push the searching lights hard into the car body. (Referring to the photo above)

Insert the hand rail into the car body as the same. (Referring to the photo above)

9: Installation of seat

Firstly, insert the rotary knobs of the seat into the car body, and then screw them. (Referring to the photo above.)

Pictures are for reference only, please adhere to the original products as standard

Item	Specifications
Battery	12V10AH*1 / 12V7AH*2
Motor	35W
Available Ages	Children from 37-96 month
Maximum Weight	35KGS
Size	134*103*95cm
Speed	3-5km/h
Charging Time	8-12hours
Remote Control Batteries	2PCS of AAA Batteries
Charger	Input:220V Output:DC12v1000MA
